

Elmwood School
'Choose Your Adventure'

YOU SAID, WE DID

Parent Advisory Board

Summer Term 26

Focus	You Said	We Did
Careers Education.	How is this communicated with parents / carers?	- Careers Education Journey shared with PAF members. - Explained how Compass+ will be used to track pupil contacts with employers. This will then form part of your child's EHCP review. - Shared examples of Careers Education lessons from Jigsaw (PSHEe curriculum).
Community Cohesion.	Would like to have greater involvement of community members within the school.	- Initiate communication with local scout leader (a selection of pupils already achieve success there). - Invite local members of the community to Sports Day 16.07.26. - Explore with staff potential links to the community. This will also strengthen the PAF for 2027-28.
Parental academic / vocational support.	Explore how we can support our child's progress.	- Those with lower reading abilities are provided with 2 books to support reading together over the Summer break. - Allocate parental engagement activities alongside termly Progress & Achievement Events. This will typically focus on lesson content that is coming up for the following 2 half terms.
